Hello Dear Learner!

ENGENIUS KIDS PROGRAMME 2019

You are invited to become part of the NWU Engineering faculty's **Engenius Kids** Program!

WHAT is the Engenius Kids Program?

Engineering is a vast field with numerous fields of application, making it difficult from your point of view, to pinpoint what it really entails. In general, engineering is sometimes misinterpreted and labelled to be near-impossible.

We are here to correct that opinion, by providing you with an inside view of the life and projects of an engineer. Through the attendance of *5 sessions* throughout the year, we will show you what *each type* of engineer does, by means of **projects**, **guest speakers** and **tours** through the campus facilities.

The criteria to qualify for this prestigious program are as follows:

- Mathematics grade > 70%
- Physical science grade > 60%
- Positive attitude toward the subjects and the project
- Regular attendance and punctuality

WHEN is the Engenius Kids Program offered?

We offer five sessions during the year. Each session will expose you to a different engineering school (Mechanical, Chemical, Electrical, Electro-mechanical and Industrial engineering). Session dates:

9 March

13 April

18 May

20 July

17 August

The program is **free**. There are no charges for attending the sessions. Additionally, we will provide refreshments in the form of an afternoon snack. This program is for students from grade 10 up to grade 12. At the conclusion of the program, participants will receive a **certificate** signed by the dean and project leader.

The only thing needed for a session is yourself, your excitement and your stationary (pen, calculator, ruler).

What do you need to do to JOIN?

1. Complete the online application by scanning the QR code or following the link: <https://goo.gl/forms/ICEIwINeDYOVVmFG3>
2. Provide your year end 2018 results by sending a photocopy of your results to **nwuengeniuskids@gmail.com** (a clear image of your results will be adequate too) or uploading it to the application form.

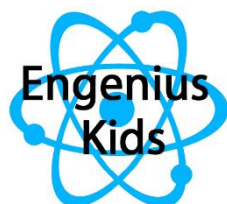

As soon as we accepted your application, we will add you to a WhatsApp group and keep you informed with any future arrangements.

For any further questions, please feel free to contact Prieur du Plessis, project manager for 2018/2019.

We look forward to meeting you.

Kind regards
Engenius Kids
