2017

Febe de Wet, Neil Kleynhans, Dirk van Compernelle and Reza Sahraeian, "[Speech recognition for under-resourced languages: data sharing in hidden Markov model systems](#)", South African Journal of Science, Vol 113, No 1/2, pp 25-33, January 2017.

Oluwapelumi Giwa and Marelle Davel, "[Bilateral G2P accuracy: measuring the effect of variants](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa and Mechatronics Int. Conf. (PRASA-RobMech), pp 208-213, Bloemfontein, South Africa, November 2017.

Oluwapelumi Giwa and Marelle Davel, "[The effect of language identification accuracy on speech recognition accuracy of proper names](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa and Mechatronics Int. Conf. (PRASA-RobMech), pp 187-192, Bloemfontein, South Africa, November 2017.

Christiaan M. van der Walt and Etienne Barnard, "[Variable kernel density estimation in high-dimensional feature spaces](#)", in Proc. AAI Conf. on Artificial Intelligence (AAI-17), pp 2674-2680, February 2017.

Charl van Heerden, Damianos Karakos, Karthik Narasimhan, Marelle Davel and Richard Schwartz, "[Constructing sub-word units for spoken term detection](#)", in Proc. IEEE Int. Conf. on Acoustics, Speech and Signal Processing (ICASSP), pp 5780-5784, New Orleans, Louisiana, March 2017.

Daniel R. van Niekerk, "[Evaluating acoustic modelling of lexical stress for Afrikaans speech synthesis](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa and Mechatronics Int. Conf. (PRASA-RobMech), pp 86-91, Bloemfontein, South Africa, November 2017.

Daniel Rudolph van Niekerk, Charl van Heerden, Marelle Davel, Neil Kleynhans, Oddur Kjartansson, Martin Jansche and Linne Ha, "[Rapid development of TTS corpora for four South African languages](#)", in Proc. Interspeech, pp 2178-2182, Stockholm, Sweden, August 2017.

2016

Neil Kleynhans, William Hartman, Daniel van Niekerk, Charl van Heerden, Rich Schwartz, Stavros Tsakalidis and Marelle Davel, "[Code-switched English pronunciation modeling for Swahili spoken term detection](#)", Procedia Computer Science: Spoken Language Technology for Under-resourced Languages, pp 128-135, Yogyakarta, Indonesia, May 2016.

Charl van Heerden, Neil Kleynhans and Marelle Davel, "[Improving the Lwazi ASR baseline](#)", in Proc. Interspeech, pp 3529-3538, San Francisco, USA, September 2016.

Daniel van Niekerk, "[Syllabification for Afrikaans speech synthesis](#)", in Proc. Pattern Recognition Association of South Africa and Mechatronics Int. Conf. (PRASA-RobMech), pp 31-36, Stellenbosch, South Africa, December 2016.

2015

Jaco Badenhorst and Marelle Davel, "[Synthetic triphones from trajectory-based feature distributions](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 118-122, Port Elizabeth, South Africa, November 2015.

Marelle Davel, Damianos Karakos, Etienne Barnard, Charl van Heerden, Richard Schwartz and Stavros Tsakalidis, William Hartmann, "[Exploring minimal pronunciation modeling for low resource languages](#)", in Proc. Interspeech, pp 538-542, Dresden, Germany, September 2015.

Oluwapelumi Giwa and Marelle Davel, "[Text-based Language Identification of Multilingual Names](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 166-171, Port Elizabeth, South Africa, November 2015.

Neil Kleynhans, Febe de Wet and Etienne Barnard, "[Unsupervised acoustic model training: comparing South African English and isiZulu](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 136 - 141, Port Elizabeth, South Africa, November 2015.

Kleynhans, Neil Taylor, and Etienne Barnard, "[Efficient data selection for ASR](#)", Language Resources and Evaluation, Vol 49, issue 2, pp 327-353, June 2015.

Thipe Modipa and Marelle Davel, "[Predicting vowel substitution in code-switched speech](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 154-159, Port Elizabeth, South Africa, November 2015.

Daan Wissing, Wikus Pienaar and Daniel van Niekerk, "[Palatalisation of /s/ in Afrikaans](#)" in Stellenbosch Papers in Linguistics Plus, Vol 48, pp 137-158, 2015.

2014

Etienne Barnard, Marelle H. Davel, Charl van Heerden, Febe de Wet and Jaco Badenhorst, "[The NCHLT Speech Corpus of the South African languages](#)", in Proc. Int. Workshop Spoken Language Technologies for Under-resourced Languages (SLTU), pp 194-200, St Petersburg, Russia, May 2014.

Laurent Besacier, Etienne Barnard, Alexey Karpov and Tanja Schultz, "[Introduction to the special issue on processing under-resourced languages](#)", Speech Communications, Vol 56, pp 83-84, January 2014.

Laurent Besacier, Etienne Barnard, Alexey Karpov and Tanja Schultz, "[Automatic speech recognition for under-resourced languages: A survey](#)", Speech Communications, Vol 56, pp 85-100, January 2014.

Nic J. De Vries, Marelle H. Davel, Jaco Badenhorst, Willem D. Basson, Febe De Wet, Etienne Barnard and Alta De Waal, "[A smartphone-based ASR data collection tool for under-resourced languages](#)", Speech Communications, Vol 56, pp 119-131, January 2014.

Pieter De Villiers, Etienne Barnard, Charl Van Heerden and Petri Jooste, "[Semi-Supervised Training for Lecture Transcription in Resource-Scarce Environments](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 7-12, Cape Town, South Africa, November 2014.

Oluwapelumi Giwa and Marelle H. Davel, "[Language identification of individual words with joint sequence models](#)", in Proc. Interspeech, pp 1400-1404, Singapore, September 2014.

Florian Metze, Xavier Anguera, Etienne Barnard, Marelle Davel and Guillaume Gravier, "[Language Independent Search in MediaEval's Spoken Web Search Task](#)", Computer Speech & Language, Vol 28, Issue 5, pp 1066-1082, September 2014.

Raymond Molapo and Etienne Barnard, "[Number pronunciation in a multilingual environment and implications for an ASR system](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 138-141, Cape Town, South Africa, November 2014.

Raymond Molapo, Etienne Barnard, Febe de Wet, "[Speech data collection in an under-resourced language within a multilingual context](#)", in Proc. Int. Workshop Spoken Language Technologies for Under-resourced Languages (SLTU), pp 238-242, St Petersburg, Russia, May 2014.

Charl van Heerden, Marelle Davel and Etienne Barnard, "[Performance analysis of a multilingual directory enquiries application](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 258-263, Cape Town, South Africa, November 2014.

Daniel van Niekerk and Etienne Barnard, "[Predicting utterance pitch targets in Yorùbá for tone realisation in speech synthesis](#)", Speech Communications, Vol 56, pp 229-242, January 2014.

Daniel van Niekerk and Etienne Barnard, "[A Target Approximation Intonation Model for Yorùbá TTS](#)", in Proc. Interspeech, pp 36-40, Singapore, September 2014.

2013

Willem D. Basson and Marelle H. Davel, "[Category-based phoneme-to-grapheme transliteration](#)", in Proc. Interspeech, pp 1956 – 1960, Lyon, France, Aug. 2013.

Marelle Davel, Charl van Heerden, and Etienne Barnard. "[G2P variant prediction techniques for ASR and STD](#)", in Proc. Interspeech, pp 1831-1835, Lyon, France, Aug. 2013.

Oluwapelumi Giwa and Marelle H. Davel, "[N-gram based Language Identification of Individual Words](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 15-22, Johannesburg, South Africa, December 2013.

Allan Hanbury, Hendra Van Zyl, Cèlia Boyer and Etienne Barnard, "[Adapting mobile medical information search to low-resourced areas](#)", in Proc. IST-Africa Conf. and Exhibition (IST-Africa), pp 1-8, Nairobi, Kenya, May 2013.

Neil Kleynhans and Etienne Barnard, "[Cross-bandwidth adaptation for ASR systems](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 36-43, Johannesburg, South Africa, December 2013.

Neil Kleynhans and Etienne Barnard, "[Spoken language identification system adaptation in under-resourced environments](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 45-51, Johannesburg, South Africa, December 2013.

Florian Metze, Xavier Anguera, Etienne Barnard, Marelle Davel, and Guillaume Gravier, "[The Spoken Web Search task at Mediaeval 2012](#)", in Proc. IEEE Int. Conf. on Acoustics, Speech and Signal Processing (ICASSP), pp 8121-8125, Vancouver, Canada, May 2013.

Thipe Modipa, Marelle H. Davel and Febe de Wet, "[Implications of Sepedi/English code switching for ASR systems](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 64-69, Johannesburg, South Africa, December 2013.

Raymond Molapo, Etienne Barnard and Febe de Wet, "[A Distributed Approach to Speech Resource Collection](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 70-75, Johannesburg, South Africa, December 2013.

Tembaletu Jama Ndwe, Etienne Barnard and Thato Foko, "[Correlation between rapid learnability and user preference in IVR systems for developing regions](#)", in Proc. IST-Africa Conf. and Exhibition (IST-Africa), pp 1-9, Nairobi, Kenya, May 2013.

Tembaletu Jama Ndwe and Etienne Barnard, "[Consequences of culturally inclined earcons in speech technology design for oral users in South Africa](#)", in Proc. of the 3rd ACM Symp. on Computing for Development (DEV 2013), pp 32-39, Bangalore, India, January, 2013.

Georg Schlunz and Etienne Barnard, "[A Discourse Model of Affect for Text-to-Speech Synthesis](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 91-98, Johannesburg, South Africa, December 2013.

Christiaan van der Walt and Etienne Barnard, "[Kernel bandwidth estimation for non-parametric density estimation: a comparative study](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 107-114, Johannesburg, South Africa, December 2013.

Charl van Heerden, Marelle H. Davel and Etienne Barnard, "[The semi-automated creation of stratified speech corpora](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 115-119, Johannesburg, South Africa, December 2013.

2012

Jaco Badenhorst, Marelle H. Davel and Etienne Barnard, "[Improved transition models for cepstral trajectories](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 157-164, Pretoria, South Africa, November 2012.

Willem D. Basson and Marelle H. Davel, "[Comparing grapheme-based and phoneme-based speech recognition for Afrikaans](#)", in Proc. Annual Symp. Pattern Recognition Association of South Africa Int. Conf. (PRASA), pp 144-148, Pretoria, South Africa, November 2012.

Adèle Botha, Karen Calteaux, Marlien Herselman, Aditi Sharma Grover and Etienne Barnard, "[Mobile User Experience for Voice Services: A Theoretical Framework](#)", in Proc. of the 3rd Int. Conf. on Mobile Communication for Development, pp 1-10, New Delhi, India, February 2012.
